

Maximize Your Plan Benefits! Find a Site of Service Radiology Center

Choosing Site of Service network providers for your care is a very important part of maximizing your Site of Service plan benefits. Your Site of Service plan gives you access to top radiology services when you need an X-ray, Ultrasound, MRI or CT scan. If you use a preferred, cost-effective radiology center, you will have a lower copay, or even no copay.

To find a Site of Service radiology center, follow these 5 Steps:

1. Visit the Anthem website.

- If you have an account on HealthTrust's Secure Enrollee Portal (SEP), [log in](#) to your account and click the Anthem button on the SEP home page, then on the Anthem website, click "Find Care & Cost."
- If you do not have an SEP account, visit [anthem.com/find-care](https://www.anthem.com/find-care) and in the search field under "Use Member ID for Basic Search," enter the alpha prefix – BPP – then click "Continue" to be directed to Anthem's "Find Care" page.

2. On the "Find Care" page, enter your ZIP code and click the Imaging box.

Imaging (MRI or X-ray)

3. You will then see a list of radiology providers in your area. To the right of each provider's name you will see the word "Recognition(s)."

In-Network Medical Plan

Recognition (1)

Diagnostic Radiology
Physician

4. Click on the "Recognition" link and if you see a Site of Service – Radiology message like the ones below, you will know you have found a Site of Service Radiology provider!

Recognitions

Site of Service - Advanced Imaging

Using this independent Site of Service care provider can lower your out-of-pocket costs for advanced diagnostic imaging (such as MRIs and CT scans). Not all plans offer a Site of Service benefit, so please contact Member Services to confirm.

Site of Service - Radiology

Using this independent Site of Service care provider can lower your out-of-pocket costs for radiology (such as X-rays and Ultrasounds). Not all plans offer a Site of Service benefit, so please contact Member Services to confirm.

5. Please contact the provider directly to confirm the services you need are Site of Service for the location. For example, you may see a radiology center listed that is Site of Service for X-rays but not for MRIs.

SAVE MONEY!

Choose Site of Service Providers!
